## Why?

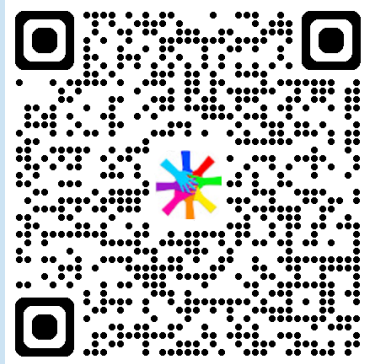

The success of our schools is imperative. As a group, we have the power to help improve our schools and district to hold them accountable for the success of our scholars.

## How?

By representing the local community, we can support school improvement efforts, offer feedback, provide additional resources, and recommend policy changes to the district. Find out more at [www.jackson.k12.ms.us/Page/17854](http://www.jackson.k12.ms.us/Page/17854)
