

## SPECIAL USE OF SCHOOL BUSES

This school board, subject to rules and regulations promulgated by the State Board of Education permits:

- the use of publicly owned school buses for the transportation of participating students, teachers, coaches and sponsors in connection with athletic events, events of boys' and girls' clubs, events of Future Farmers of America or 4-H Clubs, if applicable, and special events in connection with the schools which the boards may consider a part of the educational program. Students transported under the above provision shall be under the direction and supervision of the principal or a designated faculty member of the school which the students attends.
- the use of publicly owned school buses for the transportation of citizens for grand jury and other jury functions upon order of the court or as considered necessary by the school board during natural or man-made emergencies, hurricanes, tornadoes, floods and other acts of God.
- the use of publicly owned school buses for the transportation of citizens attending an air show or historic commemorative event held on a military base or military park located in the school district; provided that such determination shall be made upon the minutes of the school board and shall include an agreement with the military base or military park that it will indemnify and hold the school district harmless in any action regarding such transportation.

The superintendent or designee shall establish procedures specifying guidelines and consequences for violation of the policy.
