

DISTRICT-TO-DISTRICT TRANSFERS

Section I: Scholar Leaving the District

The superintendent is authorized and empowered, subject to concurrence by the board, to approve the transfer of a scholar from this school district to another school district upon the written request of his/her parent or legal guardian.

Section II: Scholars Coming to the District

The application for district-to-district transfer of a scholar from another school district is subject to the approval of the Superintendent of schools and the Board of Trustees. Each transfer will be reviewed on a case-by-case basis.

This policy does not apply to a child or legal ward of a fulltime employee of the district who lives outside the district. When the board of the district in which the fulltime employee is a legal resident approves the transfer of the scholar to this school district, the scholar will be assigned to a school in the feeder pattern where the parent or legal guardian is employed, a special program school for which they have been admitted, or another school approved by the Superintendent. Transportation for such cases shall be provided by the parent or legal guardian of the scholar.
